

SR&ED Doctors

SR&ED (Scientific Research & Experimental Development) is a government program that rewards companies that perform R&D in Canada. The program makes Canada a more economically competitive and technologically advanced nation and it has been in existence since the 80's. The Canadian incentive program is one of the most generous R&D programs in the world. **This is not a grant – if you qualify, you are entitled to this money under the Income Tax Act.**

Most incorporated medical specialists qualify for this program.

If you answer yes to any of the following questions, you could be sitting on an untapped refund.

- Is your medical practice incorporated? Do you have a BN?
- Do you practice in a field of medical specialty?
- Have you ever or would you like to define hypotheses and study clinical data in your field of medicine?
- Has your work resulted in an advancement of knowledge in a field of medicine?
- Have you ever published in medical journals?

There are only three criteria for eligibility plus evidence:

- Scientific or medical uncertainty
- Scientific or medical advancement
- Systematic investigation
 - *plus* Technical Content

You could qualify for a refund for your internal medical studies or formal research. How do you get approved? ASK US!
